SUMMARY

This cutting edge hands-on 2-day course will help you gain confidence to provide your patients with contemporary aesthetic indirect restorations. Simplify decision making, streamline clinical procedures but deliver high-end reproducible results in an ever demanding profession.

VENEER - ONLAY - VERTICAL PREP

JASON SMITHSON BIOGRAPHY

Jason qualified at the Royal London hospital in 1995. After spending 3 years in oral surgery residency in London and a further year practicing restorative dentistry in London's Harley Street Medical District, he relocated to Cornwall. Jason practices at Pure Dental Health and Wellbeing, Cornwall, UK where his main focus is microscope enhanced adhesive dentistry.

His specific interest is direct composite resin artistry and minimally invasive all ceramic restorations and he has presented to dentists locally, nationally and internationally (USA, Canada, Australia, New Zealand and Europe). He is a UK "Opinion Leader" for Cosmedent (Enlighten Smiles), European "Key Opinion Leader" for Hereaus-Kulzer and is a member of the European Restorative Advisory Board for GC Europe. He is an Accredited International Trainer for Carl Zeiss Dental Academy.

WHAT DELEGATES WILL DO

- 1. PREPARE** 3 incisor teeth for class 1, 2 and 3 veneers and learn cementation processes
- 2. LEARN** how to create aesthetic life-like provisionals, which are identical to your diagnostic wax-up using a fast simple approach
- 3. LEARN** about preparation design for partial coverage adhesive restorations including the immediate dentine seal and gingival margin elevation
- 4. PREPARE** a partial coverage onlay with immediate dentine seal and place a provisional restoration. Impression taking techniques will also be covered
- 5. LEARN** about margin design for crowns: horizontal vs vertical margins; a paradigm shift
- 6. LEARN** about biological width and periodontal considerations and the provisional restoration as a tissue management tool not just a 'temporary'
- 7. PREPARE** a crown with vertical margin (feather-edge) preparation
